

Ballot Tracking for Mail Voting

No updates required since April 22, 2026

Background

In addition to offering the option for voters to apply for absentee ballots online, many states also allow voters to track those ballots online as well. Voters can see where their ballot is in the process, and be confident their ballot was received, is secure and will be counted. Note: These policies generally apply to absentee and mail ballots only.

Scoring

- State has ballot tracking available for all voters statewide, 1 point
- State does not have ballot tracking available for all voters statewide, 0 points
