

Vote Centers

No updates required since May 8, 2026

Background

Vote centers, also known as countywide polling places, are an alternative to the traditional model of precinct-based polling places. Vote centers can be more efficient for both voters and election officials.

Note: These laws apply to Election Day voting for general elections only. Other states may allow vote centers during early voting or smaller elections.

Scoring

- State requires or allows vote centers, 1 point
- State does not allow vote centers or no applicable law, 0 points

Summary Table
